congratulations!

You're about to experience one
of the best days of your life.

I am sure it's on your mind that
you want to make it certain

the time of their life.

Timings for wedding days can
be unreliable at the best of
times. There are many
variables and lots of plates to
spin causing stress and angst.

“My partner and I ... were blown away by the magician David Whitney who was performing. He kindly gave us a personal show at the end of the night which included some amazing card tricks and mind reading! It’s safe to say we were mind blown and it was a great and fun way to end our day! Thanks again to David Whitney for the private show!”

The Bakers

A wedding magician, wearing a blue suit and glasses, is performing a magic trick for a couple seated at a table. The couple, a man and a woman, are smiling and looking at the magician. The woman is holding a smartphone. The background features a purple curtain and a vase of white flowers.

“We enjoyed a fabulous evening of dramatic cocktails & the impressive skills of this talented magician, David Whitney. Loved the magic & mystery of card tricks & mind reading – still have no idea how he correctly identified me as a Libran, and that I was born on a Wednesday....simply baffling!”
